If keeping your money intact and earning interest is your goal, consider a “buy and hold” strategy. When you invest in a bond and hold it to maturity, you will get interest payments, usually twice a year, and receive the face value of the bond at maturity.

#### Bond Investment Strategies | Project Invested

At a time when money market funds are yielding virtually nothing, many investors have looked to short-term bond funds as a way to boost the yield on the portion of their savings they want to keep safe.However, investors need to be aware that short-term bond funds carry a higher degree of risk and cannot always be used as a money market fund substitute.
