Ford 861 - Steiner Tractor Parts

For instance, our feature tractor is an 8 (861), which means it's a utility tractor with an adjustable front end. The second digit told which type of transmission, PTO and hitch the tractor was configured with. In this case, the 6 (in 861) means that it has a five-speed transmission with a three-point hitch and a non-live PTO.

In 1907 Henry Ford built his first experimental tractor. He spent many years and more than \$600,000 dollars developing a good, inexpensive tractor which he gave the name of "Fordson". A new company, "Henry Ford & Son" was created to mass produce the tractors. By 1920, the distribution of the Fordson was shifted to the Ford Motor Company.
