Women Art and Society World of Art Chadwick Whitney - Good ...

They are a group of females who want to bring awareness to the fact that it is the 21st century and women are still underrepresented in the art world. Today the art world is still male-dominated. Even though you will see women making brilliant work, art still remains a predominantly masculine field. As women, we should no longer be objectified and act as the receiver of an active male gaze, rather history should be written to include our stories.

The 10 Most Important Artists of Today

A society based on these principles would resemble Grania's hopes in The End of this Day's Business, when she tries to picture what would come after the end of the world unfairly controlled by women. "[T]here would be at last the classless society without sex-antagonism, and we don't know at all what it would be like.

World Without Men Current Affairs

For a century and a half, women have been proving their passion and talent for design and architecture in a male dominated profession. It is a paradox that even in the 21st century, architecture can still be a challenging career path for women, and gender inequality continues to be a cause of concern.
